“A great place to grow, learn and succeed!”

September 16, 2020

Due to Covid-19, we have changed our admittance policy to all KMS athletic and activity events effective immediately.

We are tasked, on a daily basis, to keep students in cohort groups throughout the day. This is to help determine if a student is a “close contact” in the event a student tests positive for COVID-19. If students are running around or congregating at school events this makes that task much harder.

Effective immediately all students attending a grade school must be accompanied, upon admittance, and seated with their parents during ALL KMS athletic and activity events.

In other words, any child or student that is not in middle school or high school must be accompanied by an adult at all times.

Face masks are required for all indoor events.

Face masks are required for outdoor events for entry, at the concession stands, in the restrooms, and when social distancing cannot be maintained.

Thank you for your continued support.

Wear your mask so our students can wear their uniforms!

David L. Younger
Superintendent
